

TMF-WORKSHOP REDCAP

REDCAP MIGRATIONSPFADE

Import von (Alt-)Daten aus anderen Projekten/Studien,

Export als CDISC

ANDREAS HETEY, BIH/CSC/CTO

TMF, 30.10.2019

- REDCap Projekt migrieren
 - XML (CDISC ODM)
 - Data Dictionary + Daten Export/Import
- Instrumente migrieren
 - Aus anderen REDCap-Projekten
 - Aus der REDCap Shared Library
- Daten migrieren
 - Daten aus altem Projekt (Excel)

Projekt migrieren XML

- Project Setup/ Other Functionality
 - Copy or Back Up the Project ... XML
- Neues Projekt
 - Hochladen einer REDCap Projekt XML Datei

Copy or Back Up the Project

[Copy the project](#)

[Download metadata only \(XML\)](#)

[Download metadata & data \(XML\)](#)

Include the following in the XML file:

- Reports
- Surveys and survey settings

Make an exact duplicate of this project. All project fields will be copied over, and you will be prompted to set the title and info for the new project. You may choose to copy or not copy the existing data in the current project to the new one.

Download a backup of this project. The entire project (all records, events, arms, instruments, fields, and project attributes) can be downloaded as a single XML file, which is in **CDISC ODM** format (ODM version 1.3.1). This XML file can be used to create a clone of the project (including its data, optionally) on this REDCap server or on another REDCap server (it can be uploaded on the Create New Project page). Because it is in CDISC ODM format, it can also be used to import the project into another ODM-compatible system.

NOTE: The exported XML file does *not* contain the project's logging history (audit trail), but if you wish to obtain it you may freely download it any time at

REDCap [Meine Datenbanken](#) [+ Neues Projekt](#) [Messenger](#) [Kontrollcenter](#) Angemeldet als **heteya**

+ Neue REDCap Datenbank anlegen

Sie können die Erstellung einer neuen Datenbank durch das Ausfüllen des folgenden Formulars selbst initiieren.

Datenbanktitel:
Titel so wie er auf der Webseite der Datenbank angezeigt werden soll

Verwendungszweck dieser Datenbank:
(Wie wird sie genutzt?)

Projekthinweise (optional):
Erweiterte Beschreibung des Projektes, die in der Projektübersicht angezeigt wird.

Projekt ohne Vorlage beginnen oder eine Vorlage verwenden?

- Ein neues leeres Projekt erstellen
- Hochladen einer REDCap Projekt XML Datei (CDISC ODM Format) [?](#)
 - XML Datei wählen:**
- Vorlage verwenden (wählen Sie unten)

- Instruments & Items migrieren
 - Download Data Dictionary
 - Data Dictionary Upload

Steps for making project changes:

- 1.) [Download the current Data Dictionary](#) 
- 2.) Edit the Data Dictionary (see the [Help & FAQ](#) for help)
- 3.) Upload the Data Dictionary using the form below
- 4.) The changes will be made to the project after the Data Dictionary has been checked for errors

Upload your Data Dictionary file (CSV file format only)

Format for min/max validation values for date and datetime fields:

TMFWorksh...0-28.csv

Daten migrieren

- Export
 - Data Exports, Reports, and Stats
 - All data – Export Data (CSV)
- Import
 - Data Import Tool

Record format: The file to be uploaded has its records stored as separate

Format for date and datetime values:

Allow blank values to overwrite existing saved values?

Name the imported records automatically (force record auto-numbering) ?

Upload your CSV file:

Instrumente migrieren

Data Collection Instruments

Survey options:

- Survey Queue
- Survey Login
- Survey Notifications
- Upload or download Auto Invitations

Add new instrument:

- Create: a new instrument from scratch
- Import: a new instrument from the official REDCap Shared Library
- Upload: instrument ZIP file from another project/user or external libraries

Instrument name	Fields	View PDF	Enabled as survey	Instrument actions	Survey-related
Demographics	8			Choose action	Survey set
Anamnese	8			Choose action	Survey set
Anamnese Followup	4				
	72		Enable		

- Rename
- Copy
- Delete
- Download instrument ZIP

Add new instrument:

- Create: a new instrument from scratch
- Import: a new instrument from the official REDCap Shared Library
- Upload: instrument ZIP file from another project/user or external libraries

Upload instrument ZIP

Select a REDCap instrument ZIP file on your computer that you downloaded from an [external instrument library](#) or from another project/user, and then click the Upload button below. Once it has been successfully uploaded, it will be added as the last data collection instrument in the project.

Datei auswählen **AnamneseF...2015.zip**

DISCLAIMER: By uploading your instrument ZIP file here, you hereby represent and warrant that to the best of your knowledge, you are not uploading any copyrighted material of a third party to which you do not have an expressed written license or consent from the owner of the said copyright.

Upload instrument ZIP Close

- Projekt 1 - Online Designer
 - Choose action
 - Download instrument ZIP
- Projekt 2 - Online Designer
 - Upload instrument ZIP
 - Achtung: Variablen!

REDCap Shared Library

- The REDCap Shared Library is a global repository of data collection instruments that can be downloaded and used in your REDCap projects.
